

2020 6th International Conference on Frontiers of Signal Processing

ICFSP 2020

Paris, France | September 24-26, 2020

ICFSP is an annual event in France which provides opportunities for the delegates to exchange new ideas and application experiences face to face, to establish business or research relations and to find global partners for future collaboration. ICFSP 2020 is technically sponsored by IEEE France Section and IEEE Signal Processing Society.

PUBLICATION

Accepted papers will be published into **ICFSP 2020 Conference Proceedings**. The proceedings will be archived into Xplore Database and be submitted **Ei Compendex** and **Scopus**.

SUBMISSION METHOD

1. Submit via Online Submission System:
